

Dear Mom,

9/4/00
+ 9/20/00

From 9:50 to 9:10 I have DEAR time and write down our homework in my planner.

From 9:10 to 10:00 I do a warm-up and switch for math. Most people do but some people don't. I stay in ms. Lynch's class.

From 10:00 to 10:30 I have Spelling with my whole class.

After that, we have science. Some other

kids named Michael, Nicole, Luke and
Elisa come in to enjoy science with us. They
are third-graders, too.

Then we have lunch and go to recess.
Then we sometimes do another warm-up
and have specials.
Then we go home.

Sincerely

Katja doggy x 😊
