

## About me

My favourite subjects are maths ,reading graphic novels, writing and football i am also intrested in coding/hacking I especiely like adding multiplying and square routes. My favourite football player is Rooney, Peter Schmeicel and Paul Scholes. I do not really like art or sketching or taking photos. My strengths are mathematics, reading, computer work/coding and writing. I need to improve music. My goals are to listen more because it will help me learn better.

## About my portfolio

A portfolio is a place where you can store things that you are proud of or things that you enjoyed doing or something that you liked, for a long time. You will find things that i enjoyed doing or things that i am proud of in my portfolio. The portfolio will helpmy learning because i can store things in here to learn and i can look back at my mistakes and learn from them.
