

When I am older?

When I am older I want to be a career for the disabled and the elderly, and if that doesn't work out my back up plan will be working in a salon as a hairdresser. But I need GCSEs for the two job I would love to do, so at school I am doing hair and beauty and hopefully when I am 16yrs old I will be able to do a course in health care. That will help me to get the jobs of my dreams. Also when I have a job and my own house I would like children and I want to get married in a nice church as for my children I would love it if they have ginger hair as my hair is ginger.
