Christmas Day

On Christmas day, I start if by waking up at 6:00 AM. I then go downstairs with my brother, sister and my mum and we open our presents by the Christmas tree. After we have done this, we have about an hour to eat chocolate and take a look at our presents. Then, we go round my nannies house so we can give her presents and play some board games.

When we have Christmas dinner, my nanny usually cooks it. We have turkey, roast potatoes, pigs in blankets, lots of vegetables and a big puddle of gravy. After we have eaten this, we all open our Christmas crackers.

At the end of the night, we all chat and play games. The adults drink wine and the children and teenagers have fizzy drinks, like lemonade.
