My Pets

I have several pets at home. I have a cat called "Max", a rabbit called "Teddy", a few chickens (one of them named nugget) and some fish. I really love my cat Max, and I treat him like he is my child. He is a black cat with a white tip on his tail. My rabbit is very fluffy and that is why we named him Teddy. My fish are my mum's favourite pets. We have a lot of tropical fish and one goldfish.
