

School Trips

I love going on school trips and I have been on many with my high school Open Academy. My favourite trip that I have been on with my school was a trip to Belgium. We stayed there for 3 nights and 4 days and it was great. We had a whole day where we went to Ypres and visited a few museums and several World War One cemeteries including Tyne Cot. We also visited a poop chocolate shop in Ypres and I bought way too much chocolate but it was so good so it was worth it. It was a very emotional and moving day and the whole trip was brilliant and I had so much fun!
