

Name: _____

Cleveland Sports Clubs

Hi, my name is Nick and I'm from Cleveland, Ohio in the United States of America. In Cleveland we have three major sports teams: One, Cleveland Cavaliers and the second is the Cleveland Indians and last is the Cleveland Browns.

The Cleveland Cavaliers won the NBA finals in 2016, led by LeBron James. The Cleveland Cavaliers went from a three to one deficit to win the NBA finals. LeBron James was the MVP of the series.

LeBron was in Cleveland to play for his hometown in 2010. After that season in year he came back to Cleveland to win a championship for his hometown and after the first year in 2015 he did not win in six games, but in 2016 he won it for his hometown along with Kyrie Irving and Kevin Love – the big three of Cleveland.

The Cleveland Browns were coming up in the league and they made it to the World Series in 2016 but lost in seven games. They were led by Francisco Lindor, their shortstop. The Cleveland Browns are awful, let's just go like that. They're just bad but there are some good sides out of them even though they're all in ten. They've been having injuries with their quarterbacks, so I mean, they've had six quarterbacks take a snap.

So the Cleveland Cavaliers are basketball, the Cleveland Indians are baseball and the Cleveland Browns are football not soccer, football.

My favorite team is the Cleveland Cavaliers because, you know, they're good but we used to be season ticket holders for the Cleveland Browns until they raised the price. The Cleveland Indians – we've been going there every single year so I mean, we're just a mix of all three. The Cleveland Browns stadium is called FirstEnergy Stadium, the Cleveland Indians stadium is called Progressive Field and the Cav's stadium is called Quicken Loans Arena.

Thank you for watching!
